

JP MODATEX

JP Modatex manufacturers Speciality Ring Spun Yarns for Home Textiles and Apparel Fabrics (Woven & Knitting). Our Forte is in 100% Linen and Hemp (Dry Spun) and their blends.

Bringing Specialty Yarn to the Indian and International Textile market is our motto. Engaged in manufacturing intimate blends with Linen, Hemp and other fibres like Cotton, Lyocell, Eco Viscose, Polyester and Sorona. We super specialize in all types of Linen blends and other Premium and Speciality Yarns. Our plant is located at Silvassa (UT) 180 kms from Mumbai, India which commenced production in the year 2016 with the latest technologies in ring spinning. The Family of promoters have been in the yarn business since 1948. From meticulously selecting the raw materials to taking care of the intricacies involved in the whole production process along with quality checks is carefully looked at to ensure that our customers get Superior quality Yarn.
